

Swiss watchmaking firm Jean Dunand positions this Grand Complication as "the world's most complicated fully integrated movement." The 42-millimeter watch features 2 complications encased in 18K rose gold on a hand-stitched alligator strap; designed by Christophe Claret, this rare timepiece consists of 827 components, each handcrafted over a 14-month period and then assembled in 120 days by a single watchmaker. Retail for \$700,000; exclusive to Wynn & Company Jewelry.
